Application No.: 09/972124 Case No.: 56764US002

## <u>AMENDMENTS</u>

Please amend the application as follows:

## In the Claims

Please amend claims 1, 7, 8 and 21 as follows:

- 1. (Twice Amended) An adhesive article comprising
- a first layer comprising a transparent film, the first layer having a first major surface and a second major surface opposite the first major surface;
- a second layer comprising a fluid transport substrate, the second layer having a first major surface and a second major surface opposite the first major surface, the first major surface of the second layer being in contact with the second major surface of the first layer;
- a third layer comprising a fluid transportable ink, the third layer having a first major surface and a second major surface, the first major surface being in contact with the second major surface of the second layer; and

an adhesive layer in contact with the second major surface of the third layer.

- 7. (Twice Amended) The adhesive article of claim 1 having a hole through the first layer, exposing the second layer.
- 8. (Twice Amended) The adhesive article of claim 1 having a hole through the first and second layers, exposing the third layer.
  - 21. (Twice Amended) A label comprising
- a first layer comprising a transparent film, the first layer having a first major surface and a second major surface opposite the first major surface;
- a second layer comprising a fluid transport substrate, the second layer having a first major surface and a second major surface opposite the first major surface, the first major surface of the second layer being in contact with the second major surface of the first layer;

Application No.: 09/972124

Case No.: 56764US002

a third layer comprising a fluid transportable ink, the third layer having a first major surface and a second major surface, the first major surface being in contact with the second major surface of the second layer;

an adhesive layer in contact with the second major surface of the third layer; and a printed layer on the first major surface of the first layer.

Please cancel claim 9.

A version marked up to show changes made to the claims relative to the previous version of the claims is attached.
